

# Wolf Ears Pattern

- Cut 2 of fur and 2 of ear lining. Be sure to line up the nap of the fur so that the hairs of the fur lay in the direction of the arrow.
- Sew 1 ear lining to fur, right sides together, with a  $\frac{1}{4}$  inch seam allowance, leaving about a 2 inch opening at the bottom of the ear. Turn the ear right sides out. Hand stitch opening closed. Repeat for second ear.
- Fold corners of ear together and stitch the ear so it curves. Once stitched, hot glue or sew to a headband or hair clip.
- Wear your cosplay ears at your next event!
